

# 421 FORWARD

MAY 2024

## **PUBLIC COMMENT PERIOD ENDING SOON**

We are committed to providing a variety of ways for stakeholders to provide feedback during the planning process for 421 Forward. We recently held a public information meeting and are gathering data about the project.

**Scan the QR code to view the public meeting documents and submit your comments. The deadline to submit your comments is May 10.**

**Additional public engagement will take place through 2025.**

## **NEXT STEPS FOR 421 FORWARD**

The design team, led by American Structurepoint, will be gathering all the public comments submitted and gathering more data. Through next year, the team will be conducting analyses of accident data, traffic counts, and environmental elements.

Our team is coordinating with Zionsville and Boone County on the recommended improvements for US 421 between Greenfield/Templin Road and County Road 300 South.

A draft environmental document is anticipated to be complete by the end of 2025.
